DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

Claims 1-6, 19-26, 39, 40 and 51 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Vollmann '810.

Vollmann discloses a cardiac pacer comprising an atrial tachycardia response mode capable of automatically reapplying an atrial pacing therapy.

Regarding claim 51, it is inherent the ROM 12 comprises instruction to cause processor 10 to automatically reapply the atrial pacing therapy.

Vollmann clearly provides for terminating an episode of atrial arrhythmia with affirmative atrial pacing therapies. See col. 1, lines 53-54, col.5, lines 35-40 and lines 45-48, and col.6, lines 19-21, for example.

Allowable Subject Matter

Claims 41-50 and 52 are allowed.

Art Unit: 3762

Claims 7-18, 27-38 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George Manuel whose telephone number is (703) 308-2118.
